## AZ Print 2.0 Label Printing Software!

This new software will be replacing our current LabelPrint Plus software for label printing.  
Some of the many benefits and upgrades of this software include:

- ✓ Ability to Copy and Paste directly from Microsoft Word and Excel into AZ Print
- ✓ Easier, more user-friendly layout
- ✓ Ability to print labels in all Microsoft Office fonts, as well as, change font colors and background colors
- ✓ Bold, Underline, italicize, or make vertical and type of label
- ✓ Adjust text direction from left to right, right to left, up to down or down to up
- ✓ Zoom, adjust column size, and format text in a variety of ways
- ✓ Search for text within a label document, as well as, replace text  
Example: At the end of the year, change all "2005" text to "2006"
- ✓ New Print Preview feature allows users to view and adjust orientation before printing,  
allowing for adjustment of differences between printers
- ✓ Compatible with Windows XP, Me, NT, 2000, 98, 95
- ✓ Plus many more Features!
